

## Classroom Telephones

The school phone number is 734-419-2750. Please call this number before & after school if you wish to talk with a teacher and your call will be transferred.

During school hours it is not possible for you to call directly into classrooms (ringing phones would be very disruptive to instruction). You may leave a voice mail message for your child's teacher by calling 734-419-2198 followed by the teacher's 4-digit number and the pound sign.
